

Creating Affirming Spaces for 2SLGBTQS+ Students.

This is a certificate I received for a workshop in creating positive spaces for 2SLGBTQIA+ students, received in November of 2020. I included this as I want to demonstrate that I am trained in providing positive spaces for many different marginalized groups specifically. A target for professional growth would be for me to eventually get involved with my future school's GSA, or help create one if it doesn't exist.
